Motion: To approve the minutes of the November 24, 2015 meeting.

By: Don Vail.

Second by: Jason Mocko.

Vote: Unanimous. 4-0

Under New Business Building Inspector Nick Kruger reported he had been informed by the State Fire Marshall office that Governor Mead has not signed the requirement that we go to the 2015 Building Code so we should have until at least July of 2016 to accept our changes and present them into Ordinance form for the City Council.

Building Inspector Kruger presented his revised Chapter 7 Contractor License matrix for any further adjustments. The Handyman Classification was removed and Fire Suppression was added. The new pricing was explained and discussion followed. Advisor Ron Vanderpool and Building Inspector Kruger discussed having a discount from the years of experience needed if Contractors had Certification through testing. After some discussion it was approved by the Board.

Also discussed and agreed to was Landscaping Contractors being allowed to install and repair backflow preventers as long as it is done on the outside of the building. Plumbers would plumb to a nipple outside of the building and installation would be inspected. Licensing would involve two years of experience and they already have to have certification.

Building Official Kruger stated the visitors would receive one and a half hours for their education requirements.

The next Board of Contractors meeting will be January 14, 2016 at 5:00 p.m. The meeting was adjourned at 6:26 p.m.
